Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

IN THE ABSTRACT

Remove "(Figure 1)" at the end of the abstract.

Reason for Allowance

The prior art references of records (JP, 06-053800) shows a MOSFET circuit comprising first and second MOS transistors having different sizes and connected in parallel, a Zener diode coupled in parallel and to the gate of the first MOS transistor. The prior art of records fails to show the sizes of the first and second MOS transistors and a second resistor as called for on claim 15, 24 and 30. Therefore, claims 15 and 20-34 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
